LOICZ affiliated project

Dear **Luiz Drude de Lacerda**,

Your project entitled: **‘Nutrients and heavy metals transfer through the land-ocean interface at the coastal zone in coastal basins along the NE and SE coast of Brazil-Phase II’** has been accepted as a LOICZ affiliated project. Your name will be added to the LOICZ network and you will receive the LOICZ newsletter via email.

LOICZ looks forward to the outcomes of your research and your involvement in appropriate activities within the LOICZ calendar. This latter information is available through the newsletter and website (www.loicz.org), and by direct contacts.

The International Project Office (IPO) now requires from you as Principal Investigator written confirmation of your project acceptance and agreement to abide with the obligations which come with project acceptance. These include:

- adopting the LOICZ Data Policy; and
- meeting the obligations stated in the Terms of Reference for LOICZ affiliated projects.

In return LOICZ will:

- Make details of the project, its Principle Investigator (PI) and the contributing team widely available through the LOICZ website;
- Promote outputs and outcomes of affiliated activities – journal articles, books and other reports – through the LOICZ website and/or newsletter;
- Advertise information about workshops, conferences, other meetings and news associated with affiliated projects on the LOICZ website or in the LOICZ newsletter; and
- Provide additional benefits as stated in the Terms of Reference for LOICZ affiliated projects.

The mentioned documents can be found in the project section of the LOICZ website or can be requested from the LOICZ IPO.

I am looking forward to receiving the enclosed form, either by mail or as .pdf file, confirming your acceptance of the LOICZ conditions.

Sincerely

Hartwig Kremer
Chief Executive Officer
